VANDAL DAMAGES MONUMENTS ON BATTLEFIELD

Worst Damage in History of the Battlefield. Ruined Monuments Stripped by Men with Heavy Hammer. No Clue as Yet.

The worst outrage ever committed on the Gettysburg battlefield was perpetrated Tuesday evening in the vicinity of Round Top. The Valley of Death where nine hundred monuments were battered and broken by a vandal who evidently used a heavy hammer for his work.

The monuments damaged are those of the 3rd Corps Headquarters, the 5th Massachusetts, the 6th and 9th New York, Grant's Vermont Brigade, the 4th New York, 5th Maine, 6th Wisconsin and 5th New Jersey. The work was accomplished on Saturday evening near Round-top. It stands about six feet in height and has a Maltese cross on each of the four sides. It is of granite and is the only monument on the battlefield which is not of the same material as the others being broken. The 5th Massachusetts is the only one which is ten feet in height and is in the form of a tree trunk with a Maltese cross on each of the four sides. The monument was broken in two places, the top and the base, and standing as a testimony to the Danish character of the perpetrator.

The 6th Pennsylvania is the most damaged of the three and is the only one which is not of the same material as the others. It is a Maltese cross on each of the four sides. The damage done to the 6th Pennsylvania is the most serious. A red light was seen in the vicinity of the monument. TOURIST AUTOS MAY BE TAXED

Automobiles Used for Taking Pictures over the Battlefield may now be Taxed by Borough. Supreme Court Decision.

By a decision of the Supreme Court the borough of Gettysburg is now able to exact and put in operation an ordinance taxing both horse-drawn vehicles and automobiles which are used for taking pictures on the town council will likely pass such a measure in time for the coming summer.

Last year an ordinance passed council providing that all vehicles should be licensed on a basis of passenger-carrying capacity. Burgess Hottelworth moved the ordinance on the ground that it worked a hardship on local live-inners and others who carried on an established business while the tax was levied on the transient motorist, the tax was withdrawn during the summer months.

The ordinance was accordingly returned to the council and it was caused to pass for passage over the Borough vote, after which the council voted against the measure—giving as their ground that Court decisions did not make the tax of automobiles valid and that it would be unfair to allow live-inners to pay the tax while the automobile man to go free.

The Superior Court had ruled that the fact that a state tax was paid to machines made it illegal for boroughs to exact a tax on automobiles. The Superior Court has overruled the Superior Court and it is now possible to impose a tax on automobiles. Stricken Grange Not Financially Opposed. Prepared Fifty Dollar Bond Good For Five Months.

At a meeting of Stricken Grange at Hutersburg, the week an intention to discuss was held relative to the proposed constitutional amendment of the State bonds in the amount of \$100,000 for the purpose of raising the question of whether the money could be more properly raised by small additional tax of personal and corporate property than by bond issue and whether the funds by whatever method they may be gotten, would be fairly and judiciously expended.

It was generally admitted that the highways of Pennsylvania should be improved and that the State should contract and maintain good roads. The farmers would be glad to see the funds required could be obtained by a more equitable system of taxation, leaving the State to raise bond issue, the members claiming that a considerable part of the money would go to graft or be used for other purposes.

Leaving her husband and four children, Mrs. Minnie Foust, wife of Joseph Foust, of Five Points, this county, has disappeared with John Stevens, son of Thomas Stevens of the same vicinity. Mrs. Foust is about aged 35 years while young Stevens is but 16. The disappearance of the young man has caused a big sensation in Huntington town.

To add to the story it is related that Mrs. Foust and young Stevens procured some whiskey, gave it to Mr. Foust and persuaded him to drive them to Hanover where they took a train for parts unknown. Through the vigorous efforts of President Grenville and his assistants the campaign for raising the \$250,000 fund for Gettysburg College has progressed so rapidly that less than \$25,000 yet remains to be secured before the time limit, July 1, 1915. Rockefeller, which is given on condition that the college raise \$180,000, and in addition cancel their debt of \$50,000. The work has been proceeding most satisfactorily and no doubt whatever is maintained that the desired sum will be secured.

Dr. Grenville has been assisted by Prof. Charles H. Huber, who is devoting his entire time to the work; and by Rev. S. F. Snyder, assistant to the president, who is giving practically

The fact that the end of the campaign for the endowment fund is now in sight is specially gratifying in view of the fact that Franklin and Marshall College at Lancaster recently had to ask an extension of time from the Rockefeller Foundation to collect their share of the endowment for that institution. No such extension will have to be asked by the administration of Gettysburg College.
